Amadeus Revenue Accounting - Proration Optimiser

This course explains how to operate the Proration Optimiser Tool. This module, part of Amadeus Revenue Accounting, allows airlines to monitor the performance of partnership agreements (e.g., Special Proration Agreements and Multilateral Prorate Agreements) and provides decision support for setting specific interline parameters.

On this course you will learn how to:

- > Optimise your revenue generated by SPA agreements and Provisos.
- > Analyze in advance the anticipated revenue of a new SPA.
- > Compare it against MPA and/or an existing SPA.
- > Find the optimal Provisos to maximize your revenues.

This course covers the following topics:

- > Proration Optimiser
- > SPA simulation
- > Proviso Optimization

Certification:
No

Duration:
0.5 day

Language:
English

Level:
Fundamentals

Pre-requisite:
